**Subject:** lease for wind power

from reading on web site, i see that a wind farm is an option being investigated. i can fully support this type of land use in the stockade block. as long as site location is compatable with wildlife health and the lease actually is used as school funding. richard w baltz 16219 pine drop ln lapine oregon 97739, [baltz526@aol.com](mailto:baltz526@aol.com) 541-536-2990
