**Subject:** Leasing State Lands

The subject of leasing public lands for private hunting rights is not a option, In my opinion. We the hunting and fishing sportsman of Oregon can not and will not agree to this proposal. I personally will not support any elected official or group that would support such an idea. Our public lands are just that, ours, not the States to turn into income property, restricting our access or use there of. Please drop this from future considerations.

Thanks You.
