

## NOTIFICATION FOR CERTAIN EXEMPT VOLUNTARY HABITAT RESTORATION PROJECTS

OR Administrative Rule (141-085-0534) exempts three categories of voluntary habitat restoration activities from removal-fill permitting requirements under the condition of project notice submittal to DSL:

- Ditch and drain tile removal in wetlands.
- Placement of large wood, boulders and spawning gravels in excess of 50 cubic yards in waters of the state or any amount in designated Essential Salmonid Habitat waters.
- Other activities customarily associated with habitat restoration in Essential Salmonid Habitat waters (less than 50 cubic yards).

**The noticing requirement is met by submitting one copy of this completed form to DSL at least 15 calendar days prior to starting the activity.**

### 3. GENERAL PROJECT INFORMATION

#### 3A). Project Dates:

Anticipated project dates: Start (mo) (yr)      Completion (mo) (yr)

#### 3B). Exempt Activity Type    check all that apply

**Ditch and drain tile removal:** disruption or removal of subsurface drainage structures (e.g., drain tiles) and plugging or filling of drainage ditches in wetlands.

**Placement of large wood, boulders and spawning gravels:** provided the location is not tidally influenced and material is placed consistent with the [Guide to Placing Large Wood and Boulders](http://oregonstatelands.us/DSL/PERMITS/docs/bold_grav_place_hab_rest.doc) ([http://oregonstatelands.us/DSL/PERMITS/docs/bold\\_grav\\_place\\_hab\\_rest.doc](http://oregonstatelands.us/DSL/PERMITS/docs/bold_grav_place_hab_rest.doc)).

**Other activities customarily associated with habitat restoration in essential salmon habitat waters:** less than 50 cubic yards of removal fill in waters of the State. Includes the disposal of material resulting from the restoration activities within the project area so long as it assists in accomplishing the objectives of the habitat restoration project. Activities must be consistent with the [Oregon Aquatic Habitat Restoration and Enhancement Guide](http://www.oregon.gov/OWEB/publications.shtml) (<http://www.oregon.gov/OWEB/publications.shtml>) and use materials or structures that would naturally and/or historically occur at the project site.

**Provide a brief description of the project including:** project objectives, types and estimated volumes of materials to be placed or removed from wetlands or waterways, and how the project contributes to returning an ecosystem from a disturbed or altered condition to a close approximation of its ecological condition prior to disturbance.
