of State Lands

**Supplement to the Joint Permit Application for  
Fish Habitat and Wetland Restoration and Enhancement Activities**

This information is required for all fish habitat and wetland restoration and enhancement projects.  
Please complete all applicable sections.

By filling in this form and signing the removal-fill application, the applicant certifies that they will complete the project according to the General Authorization for Fish Habitat Enhancement Rules ([OAR 141-089-0100 through -0130](#)) and General Authorization for Wetland Restoration and Enhancement Rules ([OAR 141-089-0205 through -0240](#)).

1. This project involves activities that will provide

- Fish Habitat Enhancement
- Wetland Restoration and Enhancement
- Both Fish Habitat and Wetland Restoration and Enhancement

2. **PROJECT DESCRIPTION.**

In the Joint Permit Application or on separate sheet(s), please describe the project, and how the project meets the requirements of the General Authorization for Fish Habitat Enhancement and/or Wetland Restoration and Enhancement.

3. **ODFW REVIEW:**

I have evaluated the above project and find it will be constructed in a way that minimizes impact to aquatic resource values. The [recommended in-water work period](#) is

4. **FISH ENHANCEMENT ACTIVITIES**

ACTIVITIES <sup>1</sup>	QUANTITY	CUBIC YARDS EACH		TOTAL CUBIC YARDS	
		Removal	Fill	Removal	Fill
Fish Rocks					
Deflectors					
Rock or Log Weirs					
Gravel Placement					
Pool/Pond Construction					
Back/Side Channel Construction					
Channel Construction					
Barrier Removal					
Woody Material					

<sup>1</sup> Below ordinary high water line or within wetlands

## 5. WETLAND RESTORATION AND ENHANCEMENT ACTIVITIES

ACTIVITIES <sup>4</sup>	QUANTITY	CUBIC YARDS EACH		TOTAL CUBIC YARDS	
		Removal	Fill	Removal	Fill
Ditch Plugging					
Water Diversion					
Drain Tile Removal or Destruction					
Dike Construction/Relocation					
Water Impoundment Structure					
Bank Excavation/Contouring					
Dike Removal/Breaching					
Surface Grading					
Other (describe)					

### Required Attachments for Wetland Restoration And Enhancement Activities.

All information needs to be on 8.5 x 11 or 8.5 X 14 paper (match lines should be used for larger documents) and be legible when copied in black and white.

- Project site located on [National Wetlands Inventory map](#)
- Recent aerial photograph showing project boundaries
- Project Site located on soil survey map (if available)
- Location of all proposed construction, including dikes, water control structures, spoils placement, etc.
- Location & approximate boundaries of existing wetlands and wetlands to be restored, enhanced, and/or created

Proposed quantities of wetland restoration/enhancement/creation.				
	Acres		Cowardin Class	HGM Class
<b>Restoration</b> (Reestablish a former wetland)		<b>of</b>	none, none	none
		<b>of</b>	none, none	none
<b>Enhancement</b> (Improve an existing wetland)		<b>of</b>	none, none	none
		<b>of</b>	none, none	none
<b>Creation</b> (Create a new wetland)		<b>of</b>	none, none	none
		<b>of</b>	none, none	none

Proposed impacts/affects associated with the proposed activities.							
<b>Wetland converted to upland</b> (i.e dikes, ditch plugs, etc constructed in existing wetlands)		<b>of</b>	none, none			none	
		<b>of</b>	none, none			none	
<b>Wetland converted to another wetland type</b> (Ex. emergent to shrub scrub)		<b>of</b>	none, none			none	
				<b>to</b>		<b>to</b>	
			none, none			none	
		<b>of</b>	none, none			none	
			<b>to</b>		<b>to</b>		
		none, none			none		

Please note: Construction activities that disturb one acre or more may require a DEQ [1200-C permit](#). More information is available at <http://www.deq.state.or.us/wq/wqpermit/stormwaterfeestable.htm> or by calling (503) 229-5696.
